

THE COMPLETE VIEWER FOR MS® PROJECT

Customers in the Manufacturing/Retail Industry

Manufacturing/Retail

Manufacturing and retail companies are undergoing massive upheaval as differences in global wage structures encourage off-shoring of goods and services. This creates a new paradigm - virtual teams working on a manufacturing project from thousands of miles away. Facilitating smooth communications between these team members means products can be completed and delivered on time and on budget. As a companion product to Microsoft Project®, **Seavus Project Viewer** can extend communications between these team members cost effectively.

Featured Customers	
Alcan France SAS	Revlon
Alcoa	Rieter
Burger King	Röhm GmbH & Co. KG
Elta	Samsung Electronics
Grundfos	Schefenacker International
Henkel Corporation	Shimano Inc
